

WELCOME TO NOVOTEL BANGKOK ON SIAM SQUARE

At Novotel Bangkok on Siam Square, we prioritize both your comfort and the environment. We have chosen a Green Key certification ensures we meet stringent environmental standards, making your stay eco-friendly without sacrificing luxury.

GREEN KEY

Unlocking sustainability in the hospitality industry.

Established in Denmark in 1994, Green Key became one of the five programs run by the Foundation for Environmental Education (FEE) in 2002. FEE's member organization are responsible for implementing Green Key at the national level

Since then, the Green Key certificate has come to present the highest standards of excellence in the field of environmental responsibilities and sustainable operation within the tourism industry.

Today, there are over 5,000 Green Key-certified establishments in over 60 countries worldwide.

Green Key's 13 categories and 100+ criteria ensure that all participating countries and establishments strive towards meeting the highest standards in environmental and social responsibility.

WHY JOIN GREEN KEY?

AFFORDABLE EXPERTISE The not-for-profit structure of Green Key ensures inclusivity for different types of establishments in the hospitality sector, both large and small.

GLOBAL REACH Green Key has grown steadily since its launch nearly 30 years ago, and today we are one of the largest eco-certification programs for the hospitality industry worldwide.

COMPREHENSIVE CRITERIA Determined by the experts of Green Key's International Steering Committee and reviewed every 4-5 years, Green Key's criteria are internationally recognized as representing some of the highest sustainability standards in the global hospitality industry.

RIGOROUS CERTIFICATION PROCESS Green Key certification is always externally verified using third-party auditors or national juries.

HIGH QUALITY SERVICE & SUPPORT Establishments receive support in the form of positive dialogue, education and training for staff and other stakeholders, as well as sharing of best practices and experience.

CROSS-SECTOR RECOGNITION & COOPERATION The value of the Green Key certification is recognized by public and private sector stakeholders at both international and national levels. Such partnerships ensure that the Green Key criteria and certification process remain transparent and at the cutting-edge of sustainability in the hospitality sector.

APPLICATION PROCESS

Hotels, hostels, small accommodations, campsites, holiday parks, conference centers, restaurants and attractions are all eligible to apply for Green Key certification. Establishments that do choose to become Green Key certified are committed to meeting the rigorous sustainability criteria developed Green Key and FEE.

All applicants must demonstrate compliance with our eco-certification criteria.

APPLICATION The applicant must complete the application form and provide various documentation as proof of compliance with the criteria.

AUDIT An on-site audit is conducted in years one and two and thereafter, as a minimum, every third year. The on-site audits consist of document verification and visual inspection. In alternate years, off-sites audits (document verification) are done.

DECISION MAKING The decision is always made by a third-party entity, either an independent auditor or by a jury.

CERTIFICATION The successful applicant receives our Green Key Plaque and Certificate.

RENEWAL The Green Key Certification is valid for one year and must be renewed annually thereafter.

GREEN KEY PARTNERS

"I've been happily surprised to see how eagerly and creatively Green Key certified establishments have adapted the criteria in their own style in Finland - from small private museums to modern luxury hotels. I think that is also the strength of the programme".

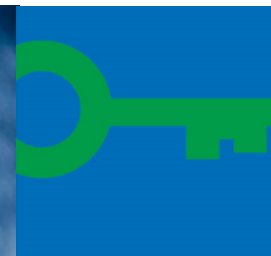

Heidi Heinonen
National Operator,
Green Key Finland

For more information, please have a look at the Green Key website (www.greenkey.global) or contact via e-mail (info@fee.global).

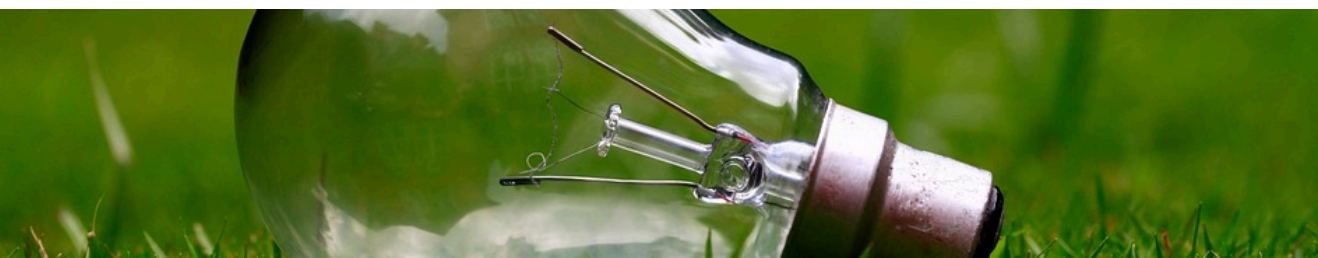

We think of the environment

By choosing a Green Key certified establishment, you're directly contributing to environmental conservation. We adhere to strict sustainability standards, ensuring a comfortable and eco-friendly experience.

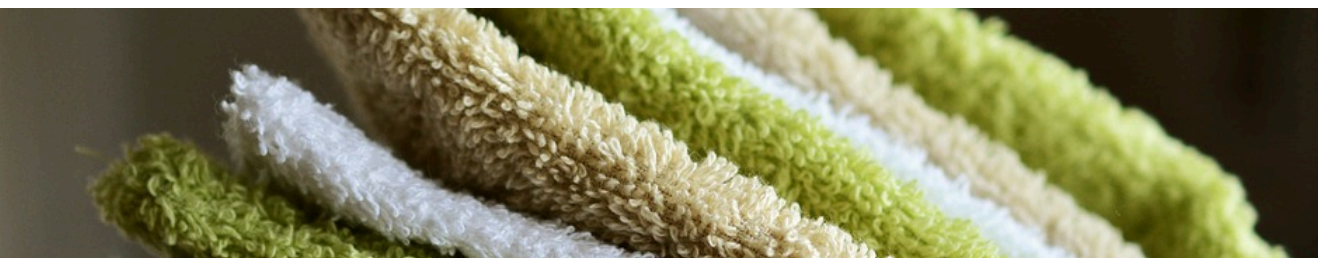

We save on water – not on cleanliness

Conserving water is a shared responsibility. Our water-efficient showers, taps, and toilets help reduce consumption without compromising your comfort.

We save on energy – not on lighting

We prioritize energy efficiency without compromising comfort. Our low-energy lighting, sensors, and smart lighting system ensure a cozy and energy-conscious stay.

We save on chemicals – not on hygiene

Our eco-friendly cleaning practices reduce chemical usage and improve indoor air quality, ensuring a healthier and more pleasant stay.

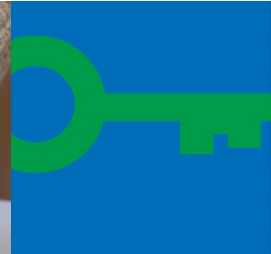

We sort waste

Help us reduce our environmental impact. Please sort your waste into designated bins for recycling and disposal. Used batteries can be returned to reception.

We make environmentally friendly food

Indulge in sustainable cuisine. Our commitment to organic, local, and seasonal ingredients ensures a delicious and eco-friendly dining experience.

We save on energy – not on heating

Our energy-efficient design, including insulation and low-energy windows, ensures a comfortable stay while minimizing our environmental impact.

We can tell you about environmentally friendly forms of transport

Choose sustainable transportation. Explore our city by bus, train, metro, or bike. Information on public transport and bike rentals is available at reception or on our website.

We save on washing – not on hygiene

To conserve resources, we use eco-friendly detergents and minimize unnecessary laundry. Please leave your towels on the floor for replacement and let us know if you'd like more frequent linen changes.

OUR GREEN INITIATIVE

We are committed to sustainability and responsible tourism practices. The hotel embraces a comprehensive green initiative that extends to every aspect of its operations, from energy and water conservation to waste management and eco-friendly guest experiences. This commitment is deeply rooted in the hotel's core values and aims to minimize its environmental footprint while providing guests with a comfortable and enjoyable stay.

We believe in creating a harmonious balance between luxury and sustainability. As a proud member of the Green Key initiative, we're dedicated to protecting our environment for future generations.

COMMITTED TO GREEN KEY CERTIFICATION

The Green Key is a global eco-label recognizing hotels that meet high environmental standards. We ARE honored to be a part of this initiative and committed to reducing our carbon footprint, conserving resources, and promoting sustainable tourism.

THE UNDERLYING REASONS

ENERGY EFFICIENCY: By choosing to stay with us, you are contributing to a greener future. Our energy-efficient systems help reduce our carbon footprint and preserve the environment.

WATER CONSERVATION: You will enjoy a comfortable stay while helping to preserve this precious resource. Our low-flow fixtures reduce water consumption without compromising your experience.

WASTE MANAGEMENT: We are dedicated to a waste-free future by recycling, composting initiative, eliminating single-use plastics, and encouraging your participation in waste reduction efforts.

GREEN PROCUREMENT PRACTICES: We prioritize sustainability in every aspect of our operations, from sourcing local, organic ingredients to using eco-friendly cleaning products and amenities.

GREEN TRANSPORTATION: Walk to the BTS Skytrain (2 minutes walk), use MuvMi EV Tuk-Tuks for short distances, or rent an electric vehicle for longer trips. Minimize your carbon footprint and enjoy a sustainable stay.

SUSTAINABLE LOCAL EXPERIENCE: Immerse yourself in local culture and nature with Anywheel bike rentals, TUI tours, or a peaceful visit to Lumpini Park.

PEDAL FOR THE PLANET: Your voice matters! Share your feedback on our eco-friendly initiatives to help us shape a more sustainable future. #NovotelSiamGoesGreen #sustainability #ecofriendly #gogreen

OUR ACTIONS

EARTH HOUR - 23 MARCH

Let us protect our planet together! As a Green Key certified establishment, we make special efforts to preserve the environment every day. On 23 March 2024 between 8.30 pm and 9.30 pm, we celebrate Earth Hour by turning down lights for one hour. Please, join us! Make climate friendly choices at our restaurant or turn off excess lights.

STOP FOOD WASTE DAY - 30 APRIL

Let's shift our food culture towards sustainability and reduce waste, one meal at a time. Join the movement and commit to reducing food waste today for a sustainable future.

WORLD VEGETERIAN DAY - 1 OCTOBER

Nourish your body and soul with our delicious vegetarian dishes. Join us for Thailand Vegetarian Week and savor the flavors of organic, locally sourced ingredients at our various hotel outlets.

OUR CSR ACTIVITIES

Community Engagement through Temple Floor Cleaning

We believe in giving back to the community and fostering a spirit of solidarity. Our Swipe for Good initiative focuses on engaging our employees and community members. One such impactful activity is the Temple Floor Cleaning project, aimed at preserving cultural heritage and promoting a cleaner environment.

Blood Donation Drive: A lifesaving initiative

Blood donation drives every three months. This quarterly effort allows our dedicated staff to contribute to a cause that directly saves lives. We believe that consistent collective action can make a profound difference for those in need of life-saving blood.

NovoSchool: Supporting Special Needs Education

We empower autistic students by providing practical skills training. It highlights various activities organized for students from Piboon Prachasarn School's special education department. This program seeks to empower autistic students by offering practical learning experiences in housekeeping, laundry, and beverage services. Through these hands-on opportunities, we aim to foster skill development, promote inclusivity, and create a supportive environment for their growth

Let's Make a Difference Together

BE A PART OF A SUSTAINABLE FUTURE: Support our eco-friendly initiatives by taking small steps, such as reusing towels, turning off lights, and minimizing the waste.

SHARE YOUR SUSTAINABLE STAYCATION: Inspire your friends and family to choose eco-friendly getaways. Encourage them to seek out hotels committed to sustainability, such as those with green certifications or local initiatives. Together, we can make a positive impact on the planet, one stay at a time.

Our Pledge to You

When you stay at Novotel Bangkok on Siam Square, you are not just choosing a place to rest; you are contributing to a healthier planet. Together, we can protect our paradise—one thoughtful stay at a time.

Commit to a sustainable future with us. Experience hospitality that prioritizes our world's well-being.
